CERTIFICATE FOR TYPE APPROVAL

Manufacturer : PHILADELPHIA RESINS CORPORATION
130, Commerce Drive, Montgomeryville, P.A.18936,
U. S. A.
Name of Product : Wire Rope Terminations
Brand : Socketfast

THIS IS TO CERTIFY that the above mentioned product has been approved in accordance with the requirements of the Regulations of the Korean Register of Shipping.

This approval is subject to the following conditions :

1. The working up of the Socketfast is to be carried out according to the manufacturer's instruction.
2. Ambient temperature for curing of Socketfast is to be 15.6 ° C and over and assembly is not to be put into service earlier than one hour after gelation of the resin.
Where the ambient temperature is 15.6 ° C or lower, the socket is to be heated to temperature of 120 ° C for 5 minutes slowly but temperatures over 149 ° C must be avoided.
3. Where the Society's certification of specific socket is required, the individual sockets are to be proof tested to a load appropriate to the size and envisaged application of the wire rope.
